

The Challenger T/A Registry - Membership Form

The goal of the Challenger T/A Registry is to provide an organization for T/A owners and the admirers of these cars. Through the registry we will collect information about T/As and use it to help the members when possible. This includes matching up found broadcast sheets, other paperwork or serial numbered components such as fender tags, engine blocks and transmissions We will also do what we can to aid members in the restoration or preservation of his or her T/A. Since Chrysler Corporation chose not to keep records on these cars, creating a database to try and accurately record the information on these cars for historical purposes is one of the major functions of the Registry. Please fill out the form below as completely as possible and mail it to me at the address above.

Member data - Personal information will not be given out.

Name _____

Mailing Address _____

City _____ State or country _____ ZIP or postal code _____
